

REQUIREMENTS FOR REGISTRATION OF AIRCRAFT

The following items are required to be submitted in respect of every application for registration of an aircraft. These are:

1. An application letter and the official application form (FSS-AWS-FORM004) for Certificate of Registration(C of R).
2. Evidence of payment of statutory charges in accordance with part 187
3. Copies of :
 - (i) Air Service Licence(ASL) (if Applicable)
4. Evidence of ownership viz bill of sale, lease/purchase agreement etc.
5. Copy of document(s) detailing the aircraft specifications. (This must be from a recognized source such as manufacturer's manual, etc.)
6. Document attesting to the aircraft noise certification
7. Evidence of deregistration addressed to DCA (if currently registered in another country).
8. The age of the aircraft..
9. The full name and postal address of the previous owner of aircraft.
10. Proof of any mortgage which has been recorded in respect of the aircraft, if applicable;
- 11 if the aircraft is to be registered in the name of an individual, proof of his or her identity;
- 12 if the aircraft is to be registered in the name of a company
 - (I) a copy of its most recent register of directors lodged with the Registrar of Companies in terms of the Companies Act, 1973;
 - (II) proof of identity of the director authorized to act on behalf of the applicant; and
 - (III) the authorising resolution concerned in the appropriate form as prescribed in Document NAM-CATS-ARM;

proof of compliance with the provisions of the Sales Tax Act, 1992 (Act 5 of 1992), or the Customs and Excise Act, 1964 (Act 91 of 1964), as the case may be.

NB: (i) Copies required as per items 3(i) are applicable to new operators processing their initial aircraft registration and intending to include that registration on an Air operator Certificate .

Note: 3(i) are not required for aircraft to be operated in the private category.
(ii) The ASL must still be valid.

(iii) Every agreement to be submitted as required in (4) must be that which has been duly signed by all parties to the said agreement.

(iv) A type certification validation exercise must have been concluded by the DCA if the aircraft type is the first of its type on the Namibian Register of Civil Aircraft.
