To comply with Part 47 of the NAMCARs, if there is any change in the particulars which were provided when the application was made for registration of the aircraft, the person(s) in whose name(s) the aircraft is registered must forthwith inform the Authority in writing. Failure to do so is an offence under the Regulations

If there is a change in the ownership of the aircraft, or if it is destroyed, permanently withdrawn from use, or sold abroad, the Certificate of Registration (C of R) must be returned immediately to the Authority. The owner or his vendor may return the C of R to the Authority. As the owner/vendor is still deemed under the terms of the NAMCARs to be responsible as the registered owner until deregistration has taken place, it is in his/her interest to ensure that any change of ownership is notified without delay in the manner set out in the regulations

The signature required in Section 1.13, 2.1 and 2.3 above is/are of that (those) of the person(s) in whose name(s) the aircraft is registered as shown on the C of R. If that person is a body corporate the signature should be that of a Director, Secretary, or other authorized officer of the company. The position held in the company should be stated

Applications for re-registration of the aircraft in Namibia must be made on the appropriate form which can be obtained from the NCAA.
